**Parent/Guardian (s) Code of Ethics:**

I'd like to thank you for volunteering your time to involve yourself with a very important role in our program. A parent/guardian is very often a major influence in a young person's life. It is often a matter of attitude as well as actions that affect the players. You may choose to take your child's position/game seriously, but don't lose your sense of humor and/or sportsmanship. After all, you are setting an example for not only your child, but your child(ren)'s teammates as well. Our parents'/guardians' primary purpose will be to promote sportsmanship, friendship and game skills while remembering that the kids are playing to have fun. Parents/Guardians who are unable to abide by the following Code of Ethics should examine their purpose in involving themselves with youth, specifically, the Mount Hamilton Soccer League.

**The parent (s)/guardian (s) will:**

- Exhibit sportsmanlike conduct at all practices and games.
- Stress playing hard to win over winning itself.
- Maximize praise and minimize criticism.
- Make corrections calmly, not screaming at your child or other players.
- Not ridicule your child/players nor allow your child/players to tease/taunt opponents.
